| | | | | | | |
| | | | | | | |
| Add Group | | | | | | |
| Add Group Delete Group | | | | | | |
| | | | | | | |

As you can see, we can Add, Delete or List groups of items. We can Add a new Product group, by specifing a name and a description:

We can Delete a product group, by pressing the X button:

| Tools | Managers | Tool for everyday | 20-JUN-18 | 20-JUN-18 | x |
|-------|----------|-------------------|-----------|-----------|---|
|-------|----------|-------------------|-----------|-----------|---|

We can also list the items:

| Tools | Admins | Tool for everyday | 20-JUN-18 | 20-JUN-18 | + |
|-------|--------|-------------------|-----------|-----------|---|

By pressing the + button, we can add a new product in the product group:

When accessing the Groups component, we can manage user groups and users:

We can add a new User group, by specifing the group name and description:

We can choose a specific existent User group to manage:

We can manage a group, by adding a user, with specific rights, such as "can manage group", giving the user the manager status, or "can manage items":

We can also remove a user from the group, by pressing Remove user from group:

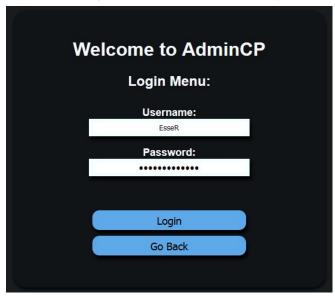

By accessing Reports component, we will be able to manually generate reports based on the information from up-to-date:

Reports Generate Report Download CSV Download PDF Download HTML Download XML

You can download the report in one of the 4 listed above formats.

By accesing the Admin button, if you are an admin, you will be prompted with a new login page:

You will be prompted with a admin landing page that offers brief details about logged users, last login, last back-up, total number of product groups and the average number of products per group:

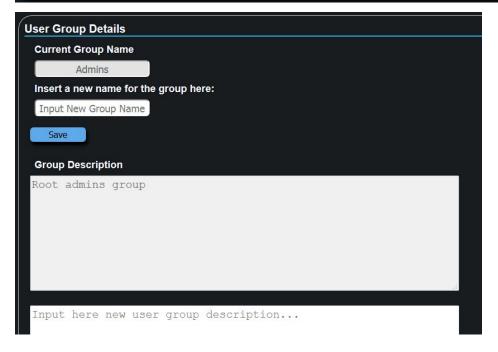

In the left side of the page, we have a list of buttons that will redirect you to a specific admin functionality.

By accesing Manage User Groups, you will be able to see all the existing groups.

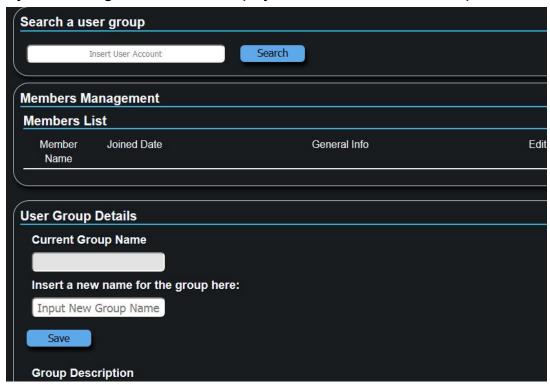

| Jser Gro | ser Groups | | | | |
|-----------------|------------------------|-------------------------|------------------|----------------|------|
| Group Name | Creation Date | Description | Total Members | Total Managers | Edit |
| Admins | 13-06-2018 18:42:20 | Root admins group | 2 | 2 | Edit |
| Managers | 13-06-2018 18:42:20 | Root managers group | 1 1 | 1 | Edit |
| Normal Users | 13-06-2018 18:42:20 | Root normal users group | 1 1 | 1 | Edit |

You can edit them:

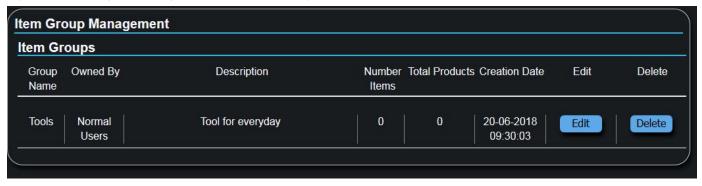

| embers L | ist | | | |
|--------------------|------------------------|--|------|--------|
| Member Name | Joined Date | General Info | Edit | Delete |
| EsseR | 13-06-2018 18:42:20 | Group Manager: Yes Can Manage Items: Yes bugeag.george@info.uaic.ro Online | Edit | Remove |
| Vasile Paturica | 20-06-2018 08:41:20 | Group Manager: Yes Can Manage Items: Yes contuldemetin2@hacker.com Offline | Edit | Remove |
